## What to wear for every kind of care.

# You're ready for anything.
## So is our apparel.

Wherever you start and end your shift, our scrubs have your back. They're designed to work as hard as you do—no matter what your day demands. And they look as good as they feel and come in a wide range of sizes, fits and fabrics made for your comfort zone. You handle the care. We handle the wear.

# Easy wear, easy care.

## What's Color by Discipline?

We've implemented more than 600 Color-by-Discipline (CD) programs (and counting).

CD is a popular uniform code that helps patients, families and other staff quickly identify an employee's role by the color they're wearing.

You can assign any color to any role, but here are some of the most common color combos.

| |
|---|
| RNs & LPNs—navy (or white) |
| CNAs—wine |
| Radiology—charcoal gray |
| Physical Therapy—black |
| Respiratory Therapy—ceil blue |
| Lab—caribbean blue |
| Pharmacy—rich purple |

# Color-coding and ordering for OR scrubs.

When ordering scrubs, be sure to include the following parts to complete each item number: **style number, color and size**.

Item numbers for reversible unisex scrubs have a fourth part: **color-coding,** designated by a -CA, -CM, or -CF. Color-coding necks and drawstrings provide instant size identification in the laundry room, storeroom and nursing units.
