# **Barco fit guide**

Take all measurements over undergarments using standard measuring tape held in a relaxed straight line.

**Chest:** Place measuring tape under the arms to measure the distance around the shoulder blades and the fullest part of the bust/chest. Do not hold the tape too tight.

Waist: Place measuring tape around the natural waistline.

**Low hip:** Stand with feet a few inches apart and measure around the fullest part of your hips wearing your undergarments

**Inseam:** Measure from the crotch to the desired length of the pant, breaking at the top of the shoe and just above the heel in the back. Appropriate shoes should be worn.

# Landau fit guide

Select a size that's the closest match to your body measurements according the charts below.

#### To take your measurements:

**Bust:** The measurement over the fullest part of the chest.

**Waist:** The measurement of the smallest indentation of the natural waistline.

**Hips:** The measurement of the fullest curve of the hip or approximately 8" below the waistline.

**Inseam:** The measurement from the top of the inner thigh down to 1" below the ankle bone.

Note: For accurate measurements, pull the measuring tape snugly to your body and avoid stretching.
